Related EURAXESS Hub	<i>Indicate, which EURAXESS hub does the topic and activities of the study visit relate to (more than 1 hub can be indicated)</i> <input checked="" type="checkbox"/> Research Careers in Academia Hub <input type="checkbox"/> REBECA by EURAXESS Hub (Researcher Careers beyond Academia) <input checked="" type="checkbox"/> EURAXESS Start-up Hub <input checked="" type="checkbox"/> EURAXESS Talent Circulation Hub <input type="checkbox"/> EURAXESS Science4Refugees Hub
Thematic scope of the study visit	The main objective of the study visit is to provide participants with the opportunity to access and explore RWTH's practices and services for international researchers with a participatory approach. Best practice sharing with the Welcome Center for international researchers : Supporting international researchers in planning and implementing their research stay, the team offers advice and practical support for a smooth transition to Aachen. Thanks to a broad network of partners, the Welcome Center offers access to a wide range of administrative and social services, both inside and outside the University. Introduction to RWTH Innovation : The University's innovative capacity is reflected in the high number of business start-ups. RWTH Innovation is the central, cross-university technology transfer unit of RWTH Aachen

	<p>University. With a finger on the pulse of innovation, the team supports students and researchers in founding their startups.</p> <p>Introduction to the Center for Young Academics: Through a varied and contemporary range of personnel development services, the team supports doctoral candidates and postdoctoral researchers both in reflecting upon and evaluating their career prospects and in putting them into practice. In addition to academic career paths, targeted measures for non-university fields of activity in business and society are part of the broad range of support services.</p>
